## Annual Fund Drive For Rescue Squad Off to Good Start

**Merrywood Subdn. Sets  
Pace With First Gift  
Of \$200.00**

The fourth annual drive for funds to maintain the Antioch Rescue squad has been given an excellent start through a donation of \$200 by the Merrywood subdivision of Lake Marie during its meeting Saturday.

Harry J. Krueger, chairman of the drive, said that other subdivisions are planning to follow suit and it is hoped that the Antioch area will respond generously.

The squad has a new truck as the result of past donations and it is now seeking money for maintenance, upkeep, and housing of it.

The community has been made fully aware of the excellent work done by members of the Antioch Rescue squad who are well trained in first aid work and who volunteer their service for call at any hour of the day or night. The truck has made many runs to hospitals with the sick and injured this year, and but recently the life of a woman airplane passenger was saved by the squad through first aid methods as she was rushed to a Waukegan hospital.

Officers of the squad are Herman Holbek, captain; Walter Scott, first lieutenant; Charles Larson, second lieutenant, and the squad members are George Bartlett, Jr., Einar Petersen, Lloyd Murrie, Fred S. Yates, Henry Rentner, Richard Allner, Henry Quadenfeld, Jr., Elmer Hawkins and Everett Oftedahl.

Edwin J. Sletten has succeeded the late C. K. Anderson as secretary-treasurer of the Rescue Squad fund committee and contributions may be mailed to him at the Antioch First National Bank.

Several thousand letters will be sent out Monday appealing for aid to the fund.

## Banquet to Open Fall Activities of M. Y. F.; Three Advisers Chosen

An M. Y. F. banquet and program on September 11 will herald the opening of fall activities for the young people of the Methodist church in Antioch. Advisers for the three M. Y. F. groups met at the parsonage last Sunday afternoon at a planning conference. Announcement was made at that time that the official board of the church has offered to serve the fall banquet.

Mrs. Luster Badger will be the adviser for the Intermediate M. Y. F., young people in the 6, 7 and 8th grades. Mrs. Badger was the adviser two years ago and this summer she was on the staff of the MYF camp at Lake Geneva. Mr. and Mrs. Robert Ziegler will be the advisers for the Senior MYF, young people who are Freshmen and Sophomores in high school. Miss Betty Lu Williams will continue as adviser for the Young People's MYF, youth who are Juniors, Seniors and post-high school.

Rev. G. Richard Tuttle announced that this was the first year that the church had a complete staff for all three MYF groups. The program suggested by the advisers and subject to approval by the young people calls for an early election of officers for the coming year. The advisers also suggested that the Intermediates meet each Sunday from 3 to 4:30 and the older groups from 4:30 to 6 o'clock.

## Carnival and Fair Will Exhibit Livestock, Grain And Mercantile Products

Exhibits of livestock and grains, mercantile and industrial products will be on display this weekend at the Lions club carnival and fair on the Ackerman grounds.

Farm youth in the Antioch area have been invited to exhibit their cattle, sheep, and swine, and small grains. P. M. Furr of DeKalb will judge the livestock and Farm Adviser Ray T. Nicholas, the grains. Judging will start at 7 p. m. Saturday.

The carnival is the one brought here annually by H. J. Ruggles of Bartlett, Ill. It will open this evening, but the fair will not open until tomorrow. Students from the Stefani School of Music at Waukegan will give two shows at the mercantile tent nightly.

## Driving More Dangerous In Country Than in City

Chicago—Choose up sides, for here's some ammunition in the age-old country-versus-city controversy. Driving a car is more than twice as dangerous in rural areas as in city areas, according to the 1949 edition of the National Safety Council's statistical yearbook, "Accident Facts."

Of the 32,000 motor vehicle deaths in 1948, 21,500 occurred in rural areas and 10,500 in urban areas. The mileage death rate was 10.8 deaths per 100,000,000 vehicle miles in rural areas, and only 5.3 in urban areas.

There were about twice as many urban pedestrian deaths as rural—6,200 compared with 3,650—but there were more than four times as many rural non-pedestrian motor vehicle deaths as urban—17,850 compared with 4,300.

## Antioch Filling Stations Get Added Business as Result of Drivers' Strike

Antioch filling stations who are not dependent on trucking for their gasoline but get it by tank car enjoyed a big business during the past week because of the shortage in the Chicago area caused by the strike of gasoline truck men.

Cook and southern Lake county residents who have read the sign "sorry, no gas" on most of their stations for more than a week were happy to "load up" when they reached the Antioch area.

The shortage was felt here a little. Some stations were without gas for two days but are now able to take care of customers.

Schmidt Bros., operators of the filling station on Main st., formerly operated by Elmer Hunter have been out of gas much of the time, being able to get but limited amounts.

The truck drivers are striking for \$1.95 an hour and time and a half for work before 8 a. m. and after 5 p. m. and hours beyond a 40-hour week.

Three bulk dealers in Lake county signed the contract but Local Teamsters union 301 refused to sign any more contracts until a general settlement is effected. This is expected to take place this week.

The strike affects Chicago and a 40-mile area surrounding it. It was expected to extend to the Wisconsin state line, but stations south of the line to Illinois Rte. 173 had their supply of gasoline. The drain over the weekend was so great that some tanks were exhausted before a new supply could be received.

Lack of gasoline cut down somewhat on the number of people coming to the resorts in Lake county last weekend. On the other hand some motorists drove from Chicago bringing 5-gallon cans to get a supply for their weekly driving.

## Jimmie Quadenfeld First In Sale of Red Heart Tags

Jimmie Quadenfeld was first in the sale of tags Saturday for the Volunteers of America on the occasion of "Red Heart Tag Day" in Antioch. He obtained \$23.16, while Sheryl Mair was second with \$18.36, and Elizabeth Frazier third with \$17.10.

The other workers were given cash for a movie as their reward. The sponsors said they were grateful to those who worked so faithfully all day and to every one who contributed in any way toward the success of the occasion.

## Bartlett Texaco Station Taken Over by H. Beager

The Bartlett Texaco service station at 970 Main street is under new ownership this week. H. H. Beager, who also operates a Texaco service at Lake Villa, has purchased the business from Clayton Bartlett, who will attend Northwestern University for work on a masters degree.

Beager leased the business from the Schmidt Bros., Co., of Round Lake, Texaco distributors, who had leased the business from Bartlett.

## PRO WRESTLING AT LIBERTYVILLE

The Libertyville post of the V. F. W. has consummated an agreement to sponsor professional wrestling matches at the Libertyville school gymnasium. These professional wrestling matches will be held on all Saturday nights, at the Libertyville high school gymnasium when the gymnasium will be available, with the exception of three Saturday night that professional wrestling contests are being staged at the Waukegan High school gymnasium.

## St. Peter's to Prepare Souvenir Program for Fiftieth Anniversary

The Rev. Francis M. Flaherty, pastor of St. Peter's Catholic church, has announced that a souvenir program will be issued on the occasion of the Golden Jubilee anniversary of the parish and the dedication of the new school.

Generous contributions to the new school will be listed on the program as patrons as the church seeks donations from neighbors and friends. Said Father Flaherty:

"As far as I know, this is the first time in my eighteen years in Antioch that I have made such a personal appeal for St. Peter's. As you know, we have assumed a very heavy financial burden in connection with the building of a new school. We feel that, along with the spiritual benefits received, the whole community will profit in a financial and civic manner by this new project."

"In our school the children will be taught as a part of the regular curriculum to love their neighbors as themselves and to obey all lawful civil authority. Since the children's primary education will be complete in every possible manner, their training should tend to make them good, intelligent and patriotic citizens of our beloved country. It should be a privilege for all of us to share in this noble work."

## Antioch V. F. W. Loses Its Fourth Consecutive Game by Close Margin

Dame Fortune once again turned her back on Antioch Sunday as the V. F. W. lost their fourth consecutive one run thriller. Cabin Lane although out hit 7-5 took advantage of V. F. W. metal lapses to triumph 2-1. Dalgard and Hinchliff were the opposing pitchers. Both hurlers pitched fine ball and although Hinchliff found himself in trouble several times, he managed to get out of the hole unscathed.

The first three innings ended in a scoreless tie, Antioch however, after threatening in the second and third innings finally broke the ice in the fourth with their only run of the game. Fox singled, moved to second as Wells grounded out, and scored on Ellis' long single to right.

Antioch again threatened in the fifth when they got men on second and third with only one out, but could not push across any tallies.

In the sixth Cabin Lane scored a lucky unearned run which tied the score. Jante singled to left for the Wisconsinites first good hit, Wies forced Jante, Wickert unassisted. Wies stole second. Friend then sent a roller between the mound and first base. Dalgard and Wells both went for the ball. Wells picked up the ball and Wickert and Dalgard raced to the bag to take the throw. Neither arrived in time to take the throw, which went over the base. Wies raced home on the play tying the score.

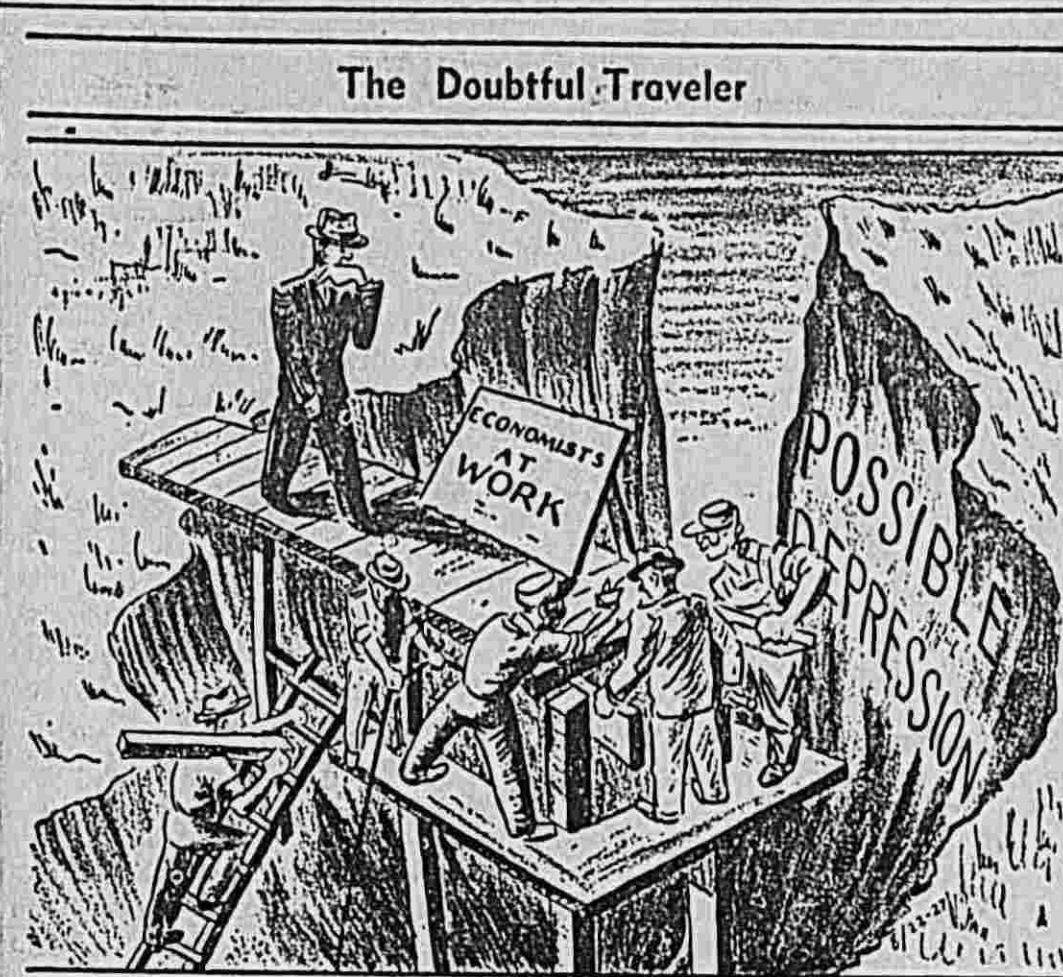

Cabin Lane held Antioch in the seventh and eighth and in their half of the eighth scored what proved to be the winning run. Vella led off and was hit by a pitched ball, Hawkins bunted and both runners were safe, when Dalgard couldn't decide where to throw the ball. Jante bunted but Dalgard's throw to third was too late to get Vella. Wies lined to Wickert who threw to Palenski who was too late to catch Vella. Friend then sent a slow roller down to the third baseline which Palenski elected to throw to first. Vella scored sending Cabin Lane out in front 2-1.

Antioch tried to rally in the ninth and get a man to third with one out but Wickert lined out and Dalgard struck out to end the game. Next Sunday Antioch will play host to New Munster. They will be trying their utmost to break a five game losing streak.

Tuesday night, the V. F. W. lost a twilight game to the newly formed Higwood Club 4-1. Ray Bushing on the mound for Antioch allowed six hits and but two earned runs. His teammates provided little help however as they connected for only one solid hit, two scratch singles and one unearned run off the speed ball slants of Charlie Plummer.

## District Officers Installed

Edward H. Janneke of this village was installed Sgt.-at-arms for the 10th dist., of the American Legion in services at Gurnee Friday night. Harry Keefe of Gurnee was installed as commander. John Horan of Antioch will continue as district scribe.

## Employment of Librarian Completes Year's Staff Of Antioch High School

The teaching staff of the Antioch Township High school was completed this week with the employment of Mrs. Blanche Ewing of the Wesley Memorial hospital of Chicago as librarian.

She succeeds Miss Natalie Wessels who resigned to accept a position nearer her home at Watseka, Ill. Mrs. Ewing formerly served as librarian at schools in Mattoon and Olney, Ill.

Principal T. R. Birkhead who made the announcement said in addition that students should plan to get their books on Tuesday, Sept. 6 so that they can begin their classroom work on the following day when school starts. The book store will be open from 8 to 12 noon, 1 to 5, and 7 to 9 p. m.

## Antique Auto Show to Be Much Bigger Next Year

Springfield, Ill., Aug. 22—Plans for making next year's Illinois Antique Automobile Meet a bigger affair on a larger scale were underway today following the huge success attending the first annual meet at the Illinois State Fair Saturday. Secretary of State Edward J. Barrett, who sponsored the old auto show, said the 1950 meet will have attractive prizes and a larger field.

He said the heavy entry in the affair this year and the large throngs the week-long exhibit in his State Fair tent attracted assures that the second annual meet in 1950 can be placed on a much larger scale, calling for substantially increased space for the accommodation of several hundred entries and for the handling of spectators. About 80 cars competed.

Earl W. Merritt, Salem, chief clerk of the automobile department in Secretary Barrett's office and chairman of the committee which arranged the exhibition of ancient automobiles last week, estimated that about 150,000 persons visited the antique car exhibit during the State Fair. Many more, he said, would have seen the exhibit had it been housed in larger space.

## Dental Training to be Set Up at Great Lakes

Great Lakes Naval Training Center has been chosen for a part in the Navy dental officer post-graduate training program, the Center's Dental Officer, Captain Curtis W. Schantz, Dental Corps, USN, announced this week.

Beginning Jan. 1, 1950, one dental officer will commence a 1-year residency training course in prosthodontics, the making of dental appliances, dentures, crowns and bridges. The resident will study under the supervision of Captain Schantz, and the approved study course and clinical projects will be outlined by a civilian consultant who is a member of the American Board of Prosthodontics. Dr. Oswald M. Dressen, Acting Dean of Marquette University School of Dentistry and a member of the American Board of Prosthodontics, has been invited to accept this post.

## Boxing Coach Dies

James Joseph Nolan, 51, known for his coaching of the Libertyville Boys' Boxing club and manager of the Lake County stadium at Round Lake died last Thursday of a heart attack at the home of his sister, Mrs. Clara Kelly.

## Large Pump Repaired, Now in Full Operation; Lay Mains Next Week

The large pump at the village wells is in operation again and village officials were greatly relieved and pleased by the large amount of water that it is pumping.

The load of the village's entire supply was upon the small pump for more than a week, but the machine operated perfectly and few patrons were aware of any different situation.

There was a delay of several days while a new bolt shaft was being obtained for the big pump. The suction end of the pump has been lowered considerably because the turbine draws more water than the recently added equipment permitted.

"The new pump is operating much quieter, but it never did have any vibration to speak of," said President George B. Bartlett, who inspected the equipment after it was put in operation Tuesday.

He said there is no difference in the water level which still stands at 55 feet.

## May Lay Sewer Next Week

Village officials anticipated that work on the new sewer and water main for Orchard street would start by next week.

"It won't take long for the Highland Park firm to lay that pipe after it gets started," President Bartlett said. He thinks the work can be completed in a week or 10 days.

## Clothing Firm to Enlarge Store in 24-Foot Addition

The firm of Barnstable and Brogan, ladies and men's wear, is planning to enlarge its space through a 24-foot addition to the rear of its present building at 932 Main St.

The firm said that later on it expects to add even more space by building to the alley.

Increased stock to take care of a steadily increasing business was ascribed as the reason for the building plans. The work on the present addition has been started.

## District Legion Auxiliary Cited at State Meeting For Press Book Quality

Tenth district, one of the smallest of the 25 districts in the American Legion Auxiliary organization of Illinois received a citation for its press book entered at the state Legion convention in Chicago, Aug. 5-8.

Mrs. John L. Horan is director of the 10th district and Mrs. L. R. Van Patten is publicity chairman.

Members of the district attending the convention, especially those from the Antioch unit, were much elated when their book received the ribbon denoting third place among the large number of entries.

Mrs. Van Patten, who compiled the press book, was also veteran's craft chairman for the Antioch unit which received a citation for sales of veterans' craft articles in the district. Her sales for the past year were \$549.58, all of which goes to veterans making the articles.

The Antioch unit also was cited for having flags in the flag procession at the convention.

## Milwaukee Polo Team To Play Waukegan at Arlington Farms Sunday

The Milwaukee Polo team, winners last week of the National 20 goal polo tournament, will tangle with the Waukegan Polo team in an International Polo League contest at Arlington Farms, north of Libertyville, Sunday at 3 p. m.

Milwaukee lost a bitterly contested battle to Arlington Farms 10 to 8 Sunday and will try to get revenge against the other Lake county entrant in the major polo league.

Wearing the Milwaukee colors will be Bobby Walters, who scored four goals against Arlington, Pedro Silvero, the wild-riding Argentine ace, who scored three times in the game Sunday, Jules (Tiger) Rumth, a fierce riding and checking young star, and Capt. Bob Uihlien, husky defensive ace.

Waukegan will be represented by Capt. Bill Grant, Tom Cross, fast gaining recognition as one of the best all-round players in the game, and burly Johnny Casey, the rock 'em and sock 'em back.

Either Dapper Dan Peacock or Romeo Mura will round out the Waukegan lineup.

Miss Helen Smith of Chicago, spent the weekend with the R. D. Williams family.

## Corn Festival Saturday At Merrywood Point Nets \$200 for Rescue Squad

The Farwell, Hafer, Mauermann, Figueira families of Merrywood Point, Lake Marie sponsored a corn festival for their neighbors as a benefit for the Antioch Rescue squad.

More than 100 persons attended and \$200 was raised and turned over to the squad. Henry Rentner accepted the donation for the squad.

Frankfurters, corn, salad, doughnuts and coffee were served and a half keg of beer added to the fun. There was a treasure hunt and a big fire roared in the middle of the grounds between the Hafer and Figueira residences.

### Economic Highlights

The celebration of Herbert Hoover's 75th birthday was a remarkable event on several counts. When he left the Presidency his public popularity was at a low ebb, and many thought that he was bound for obscurity. But history has a way of confounding prophets, and that was true in Mr. Hoover's case. In the intervening years he has mellowed, grown in stature and influence, and earned the wide respect and admiration of the country as a whole. It is a notable fact that, among the flood of congratulatory messages sent him on the anniversary, there were many from men high in Democratic as well as Republican councils. One of the warmest, indeed, came from President Truman.

In the birthday speech Mr. Hoover dwelt on the great problem of government spending, on the confiscation of resources through heavy taxation, on the danger of socialization by indirection, and on the loss of individual freedom that, in his opinion, would follow the creation of a welfare state in this country. He used conditions in England, with her grim austerity, as an example.

Regardless of one's views as to government policy, no one can doubt that Mr. Hoover is a great authority on the administration and the fiscal affairs of the huge Federal establishment. The voluminous Hoover Commission reports, made under his direction and chairmanship, mark the first real effort to blueprint a detailed course for achieving greater economy

and efficiency without sacrificing any essential government function.

When the reports—which go into every department and branch and division and ramification of the government—first began to appear, even the people who favored them most strongly were doubtful if they would be placed into practical effect on any extensive scale because opposition immediately arose from bureaus affected. Now, the outlook is much brighter. President Truman has ordered that a number of them—20 or 25 per cent of the whole—be adopted, and he is expected to order more. Congress is very seriously examining others. Outside of political circles, sentiment in favor of them seems overwhelming.

The drop in business and the heavy Federal deficit we are expected to run this fiscal year have given great impetus to adopting the Hoover Commission's comprehensive plans. If all of them are eventually accepted, the saving is forecast at \$4,000,000,000—and, moreover, the government would be far more efficient. They stand out as a crowning work in a long life largely given to the public service.

### The Low Down From Hickory Grove

I don't too often agree 100 per cent with Uncle Harry on how he deduces our type of Govt. could be done-over into some new shape or color type. He has too many folks at his elbow that I don't know too much about—if they have proved they know for sure what they are talking about—or have been a howling success on their own hook before they landed there at Uncle Harry's elbow.

But to prove that I am not 100 per cent biased, I agree with everything our boss-man said to a group of youngsters calling at the White House recent-like—they were members of the American Legion's Boys Forum. What did he say, says Henry. He told the boys I say, that "everybody in the country seems to know how to do the president's job better than he does." That is how the paper told it.

So, since we both agree thereon, I will put in my oar and tell him one good thing to do—and pronto. It is this, cut out a one-half million from the Govt. payroll which now numbers 2,111,331. And all you readers—wherever your domicile—do your bit—help the boss out with suggestions. All of us, together, we can maybe get the country back on the beam.

Yours with the low down,  
JO SERRA

In the pioneer days of the Hudson's Bay company in northern North America, men were pack carriers of distinction — at least by weight. The company's standard requirement for portage jobs, notes the National Geographic society, was the ability to travel 80 miles in four days, bearing a 90-pound pack, and food and sleeping equipment. Some super-carriers could handle two of the 90-pound packages.

AWARDED THE FASHION ACADEMY GOLD MEDAL AS THE "FASHION CAR OF THE YEAR"

SHORT STORY  
Strictly Analytical

By Richard Hill Wilkinson

THE TROUBLE with you," Barry said, "is that you're too analytical. Why don't you throw caution to the wind for once and marry the girl?"

Hugh sighed. His face took on that look of faintly aloof indulgence that he always conjured when Barry became critical. "You wouldn't understand," he said.

"You're too impulsive to see what I'm driving at. Let me tell you, it pays to be careful."

"Sure it does. But it doesn't pay to be overly careful. How does Valeria feel about it?"

"How does she feel? How do you think she feels? When a girl's in love she knows enough to be careful herself."

"Meaning of course, that Val's mad about you and she's willing to wait until you get through analyzing and justify or compensate her shortcomings in your mind."

Hugh gestured indifferently. "Figure it that way, if you like."

"Wouldn't it be a shock to you if you discovered yourself to be wrong. I mean, if Val married someone else right under your nose."

"She won't," said Hugh confidently. "Girls aren't made that way." He stood up. "I haven't been studying psychology and human behavior five years for nothing."

"But is she gets tired of waiting and marries some one else in the meantime, maybe you'll regret it."

"Don't be ridiculous. Val won't marry anyone else. I know what I'm doing."

Barry let a fortnight elapse before he again broached the subject of Val. It rankled him, and he felt better to get it off his chest. "Hate to mention it again, Hugh, but Val seems to think you've been neglecting her lately. Can't blame her much, either."

"Cut it!" Hugh looked ugly. "I think you'd better let me tend to my own affairs, Barry. The girl loves me and when I get around to it, I'll marry her. Goodness, can't you understand that a man shouldn't jump into such things!"

"Or a woman either," Barry offered. "I happen to know Val was out with someone last night."

"Good. Comparing the someone else with me will be the best thing in the world for her—and me too."

"A girl in love knows enough to be careful herself."

Hugh was annoyed. Blast it, why couldn't Barry mind his own business? Why did he always have to keep worrying about Val. It was plain as day that he didn't understand women. Val knew a good thing when she saw it. She loved him and was willing to wait. She was smart.

VAGUELY HE wondered who the other man could be she was out with. It was sort of amusing in a way. Probably Val had merely told Barry that so Barry would tell him. Childish. Why, even a first-year psychology student could tell you that was nothing but a feeble attempt on the part of the female to excite jealousy in the man she loved.

Three evenings later Hugh's phone rang. It was Barry. He sounded far away. "Can't hear you," Hugh yelled into the mouthpiece. "Talk louder."

"I say," came Barry's voice, more distinctly, "that the thing I warned you about has happened."

"What thing?" said Hugh.

"About Val. About her marrying someone else right under your nose. She's done it."

"I don't believe it," said Hugh, feeling for the first time a queer sensation of alarm.

"I saw it happen," said Barry. "I was there."

"Good lord!" Hugh was suddenly very much excited and very concerned.

"You can't say I didn't warn you," Barry's voice said, growing fainter.

"Hey! Hold on a minute, Barry! Are you there? Yes, yes, I know you warned me. Guess I was something of a fool. Who was it she married? This is terrible!"

"Me," said Barry, very faintly. And then the line went dead.

## Haverly-Barnstable Nuptial Vows Are Exchanged Aug. 16

### Impressive Double Ring Ceremony Unites Young Couple

In a beautiful late summer wedding Miss Wilma Lee Haverly, the daughter of Mr. and Mrs. Warren Solon Haverly, became the bride of Mr. Dale Arthur Barnstable, son of Mrs. Eva Mae Barnstable and Mr. Albert T. Barnstable, of Antioch, at the First Christian Church, Corbin, Ky., on Tuesday evening, Aug. 16, at 7:30 o'clock.

The impressive double ring ceremony was performed by the Rev. C. N. Barnette by candlelight against a background of hemlock and fern with tall white cathedral candles in white candelabra and baskets of white hydrangea.

Preceding the exchange of nuptial vows a program of traditional wedding music was presented by Miss Jeanette Blair, organist, and Mrs. Robert Thurman and Mr. Kenneth Rollins, vocalist.

Mrs. Thurman sang, "O Promise Me" and Mr. Rollins, "Because" and "I'll Never Walk Alone."

The bride, given in marriage by her father, wore a gorgeous gown of ivory slipper satin. The Nylon net yoke was edged in heirloom seed pearls and rose point lace and the full skirt ended in a cathedral train. The long full sleeves ended in a point over the hand and tiny covered buttons extended from the neckline to the waist in the back. Her fingertip double veil of illusion fell from a tiara of seed pearls and was edged in rosepoint lace. Her only ornament was a single strand of pearls, a gift from the groom, and she carried a bridal bouquet of white bride's roses centered with a beautiful white orchid.

Miss Virginia Deweyll Osborne, of Wheelwright, Ky., was maid of honor. She wore a lovely white organza dress over pastel pink with a matching pink sash, and carried a bouquet of garden flowers with a matching band of flowers in her hair.

The bridesmaids, Misses Joyce Cundiff, of Somerset, Mary Osborne, of Wheelwright, Patsy Haverly, cousin of the bride, of Corbin, Mrs. Cliff Barker, of Lexington, Miss Marifrank Ward of Paducah and Miss Janet Johnson, cousin of the bride, of Rockwood, Mich., all wore pastel dresses made identical with the maid of honor's.

Miss Cundiff and Miss Osborne were attired in green, Miss Haverly and Mrs. Barker, yellow, Miss Ward and Miss Johnson, blue. They all carried garden flowers and wore pearls, a gift of the bride.

Mr. Alex Groza, of Martin's Ferry, Ohio, was best man, and ushers were Messrs. Jack Field and Louis Neilson, of Antioch. Jim Line, of Akron, Ohio, Humzey Yessin, of Lexington, William Dudley Baker, of Louisville and Charles Stuart, uncle of the bride, of Corbin.

The bride's mother was attractively attired in a grey crepe dress with black accessories and a corsage of gardenias. The groom's mother, chose a similar costume with a gardenia corsage.

Immediately following the ceremony, the bride's parents entertained with a reception at their home on Kentucky St.

The bride's table was covered with an exquisite handwork cloth brought to the bride from Switzerland last year by the groom. Lighted white tapers in double crystal candelabra flanked the four tier wedding cake which was topped with a bouquet of bride's roses.

Miss Jane Chitwood registered the guests and musical selections were rendered throughout the evening by Miss Phyllis French, pianist and Miss Jacqueline Senters, violinist.

After spending some time with their guests, the newlyweds left for a wedding trip to Florida. For traveling the bride chose an aqua suit with toast accessories and an orchid corsage.

Mrs. Barnstable is a graduate of Corbin High school and the University of Kentucky.

Mr. Barnstable is a graduate of Antioch Township High school and is a student at the University of Kentucky, where he is a member of the famed University of Kentucky basketball team, track and golf team.

### QUARTET TO SING AT METHODIST SERVICE SUNDAY

A quartet composed of Mrs. Lola Badger, Mrs. Eva Carlsen, Clarence Olson and Charles Watson will sing, "Come Unto Me" at the 11 o'clock service in the Methodist Church in Antioch Sunday. Rev. G. Richard Tuttle will preach the sermon at both the 8 o'clock and 11 o'clock services in the church. His subject will be "What Must We Seek?" A nursery for small children is maintained at both the morning services. Visitors are cordially invited.

## Home Bureau Style Show and Luncheon Largely Attended

More than one hundred women attended the luncheon and style show given yesterday by the Lake Region unit of Home Bureau at the Scout House.

Luncheon was served at 1 p. m. and it was followed by style exhibits presented by MariAnne's, of Antioch and Paul L. Reinhardt, furrier, of Rte. 4, Burlington, Wis.

Reinhardt had two models in showing mutation mink and silver fox fur pieces of different kinds. MariAnne showed styles in fall and winter garments.

The rest of the afternoon was spent at cards.

The event was considered a big success by the hosts.

## Yvonne Peterson Attends Convention at Chicago

Miss Yvonne Peterson who is a member of the Chicago National Association of Dancing Masters, attended the convention of that organization last week at the Sherman hotel.

Many new and interesting dances were introduced, among them, the revised "Swing Charleston," the "Bermuda Gombay," a brand new Sambo the "Huckle Buck," a new jitterbug novelty, the "Bolo Bongo" a Latin American ritual dance, the "Horse and Buggy Barn dance," the "Mocambo" and "Mi-Choice Rumba," the "Royal Tango," three new Fox Tots, "Town Talent," "Smooth Smarty," the "Uptown Swing," the "Canter Waltz" which is coming back, and the "LaBonga" an exhibition dance. Many new tap and ballet steps were introduced.

Besides these dances, Miss Peterson was able to get some private work in acrobatic and ballet under Billy Gude, of New York, and Nico Charisse, of Hollywood, respectively.

## Library Notes

In "The Mature Mind," H. A. Overstreet describes how our immaturities of attitude and action cause most of our troubles. He tells us how to evaluate maturity in ourselves, and suggests a program for achieving the maturity that enables an individual to move forward into new confidence and wisdom.

H. A. Overstreet has the ability to interpret the theories of modern psychology and to apply them in concrete terms to the daily lives of men and women. His book is psychology written in a terminology the layman can understand and appreciate. "The Mature Mind" was presented to the Antioch Township Library in memory of C. L. Kutil.

### Minnis Family Reunion Held Sunday, Aug. 14

Olive M. Hope  
As has long been the custom, members of the Minnis family met at the old homestead, the Frank Dixon home, near Brass Ball Corners, for their annual reunion, relatives from a distance began arriving to be in readiness for the gala day. Mother Nature smiled upon them and furnished ideal weather for the buffet dinner which was served on the lawn and for the afternoon of pleasant social reminiscing. A brief business meeting was held, Arthur Minnis, of Riceville, Iowa, was elected president and Miss Lucia Minnis of Salem, secretary and treasurer. The special guest of honor was Peter Menzies, of Glasgow, Scotland. In the years since the first ancestors came to America, the spelling of the family name has been changed to Minnis. Mr. Menzies was dressed in his native kilts with plaid skirt, a clansman cap, knee socks of plaid, and brought an air of the Mother country to this gathering of Scotsmen.

Mr. Menzies came to Canada in early April of 1949, landing at Montreal, and traveling the length and breadth of our country. His itinerary included Boston, Mass., New York, Washington, D. C., Houston, Tex., Los Angeles and San Francisco, Calif., Oregon, Washington, Wyoming, Nevada, Colorado—in fact learning first hand more about the important places and the beautiful scenery of our country than have many of our native Americans. All this in spite of his seventy-nine years. He is a charter member of the Rotary Club of Glasgow, and during his stay here, has been honored by the clubs wherever he has been. During his brief stay in Salem, he was entertained by the Janesville Rotarians at their regular luncheon at which Mrs. Clayton Stockwell was scheduled as speaker and who relinquished a part of her time that Mr. Menzies might be interviewed.

This year's roster of guests included Mr. and Mrs. Lawrence Munson, Mr. and Mrs. Minnis Munson and daughter, Mary of Withee, Wis.; Mr. and Mrs. Arthur Minnis, Mr. and Mrs. Roger Minnis and son, Leland Riceville, Iowa, Mr. and Mrs. Leonard Butter, Rudd, Iowa, Mr. and Mrs. Casper Nielsen, Grand Meadow, Minn.; Mrs. Nellie Minnis Pierce, Cleveland, Ohio; Mr. and Mrs. Jos Kneer and daughter, Elaine Griffith, Ind.; Mrs. T. V. Durkin, Mrs. Guy Borgstrom, Robert Clark, Miss Elene Minnis, Mr. and Mrs. Robert Afton and son, Richard and

Robert, all of Chicago; Miss Jeanie Clark, Pentfield, Ill.; Mr. and Mrs. Lem Minnis, Glen Ellyn, Ill.; Mr. and Mrs. Emil Scheerens and son, John, Mr. and Mrs. Lee Minnis, Waukegan, Ill.; Mr. and Mrs. Grant Minnis, Kenosha; Mr. and Mrs. George Mandernack, Leslie Ann and Carl, Racine; Mr. and Mrs. Elmer Getka, Walter Lee, Vincent, Mary, and Barbara, Slades Corners; Mr. and Mrs. Frank Dixon, Mrs. Annie Loesch, Jossie Loesch, Mr. and Mrs. Norman Barthel, Mr. and Mrs. Roger Huntton, Annette and James, Mr. and Mrs. Walter Teunas, Mr. and Mrs. Everett Minnis, James, Donna and Billy, all of Salem.

Friends of the family attending were Mr. and Mrs. Henry Rohdes, Burlington, Shirley DeVries, Racine; Mrs. Charlotte Day, Salem; Misses Sadie Smith, Glen Ellyn; Mr. and Mrs. Laneer Stevens and son, Paul, Chicago; Mr. and Mrs. Clayton Stockwell, Janesville; Mrs. Minnie Dixon and Mrs. Fred Pitts, Bristol, Mr. and Mrs. Lynn Overton, Solon Mills, Ill., and Miss Olive Hope, Salem.

Raymond E. Heath, seaman recruit, USN, son of Mr. and Mrs. Vern Heath, of Route 3, Antioch, is undergoing recruit training at the world's largest Naval Training Center, Great Lakes, Ill.

Recruit training is the sharp break between civilian and Naval life in which the new Navy man learns the fundamental principles of the Naval service.

In the course of his training the recruit is taught seamanship, Navy customs, terms, basic ordnance, gunnery, signaling and navigation.

Upon completion of his training the recruit is assigned either to units of the Fleet or to a service school for specialized training.

#### LEGION NEWS

It has been announced by Commander Edward Jahneke that the American Legion Post No. 748 will hold their annual Summer carnival over the 4th of July weekend in 1950.

#### ST. IGNATIUS EPISCOPAL YOUNG PEOPLE PLAN ACTIVITIES

The young people of the Parish of St. Ignatius Episcopal church met at the Rectory Tuesday evening to make plans for activities in the Fall; they are planning to have a weekly informal after-school dance for high school students.

#### MISCELLANEOUS SHOWER FOR MISS ANDERSON

Miss Patricia Anderson was honored guest at a surprise miscellaneous bridal shower, given by Mrs. Florence Stramet and Misses Hazel Sanders and Inga Gibson Wednesday evening at the Sponge. Following a number of bunco games Miss Anderson opened her gifts, which were very beautiful and useful. A delicious luncheon was served by the hostesses.

Mrs. E. L. Christopher, of Louisville, Ky., and Mrs. Ed Sturm, of Beaver Dam, Ky., E. O. Bridges, of Evansville, Ind., and Mrs. Arthur Trieger spent Tuesday in Chicago.

Earl Brabant and parents returned home recently from a vacation and trip through the northern states, Canada and into the Eastern states.

Mr. and Mrs. Frederick Peterson, of Whitestone, New York, are the guests of Mr. Peterson's brother, Carl, and family at Lake Villa this week. This is the first time the brothers have seen each other for the past forty years. The Petersons are also visiting with Dr. and Mrs. Carl Hanson of Bay Shore Rd., Lake Villa. The Peterson families were luncheon guests of Mr. and Mrs. Hugo Fisher at their East Shore Gardens last Friday. They are expecting to spend some time with friends in Chicago afterward returning to Lake Villa to remain over Labor Day.

Dr. L. Beehler was elected president of Selter's subdivision Association at a meeting held recently at the Beehler home at Grass Lake. Other officers elected were Herman Fink, vice president and Oliver Nelsen, secretary and treasurer.

Miss Nancy Reeves, daughter of Mr. and Mrs. Wesley Reeves, is taking a ten-week course at a Comptometer school in Chicago.

Mrs. E. L. Christopher, of Louisville, Ky., Mrs. Ed Sturm, of Beaver Dam, Kentucky, Mr. and Mrs. E. O. Bridges and Mrs. Adam Hufnagel of Evansville, Indiana, are spending this week with Mr. and Mrs. O. E. Hachmeister.

Mr. and Mrs. William Ernst, of New York, and Mrs. H. D. Gaston and Mrs. H. B. Gaston spent Tuesday in Milwaukee.

Miss Patricia Anderson was guest at a bridal shower given by Antioch Assembly Order of Rainbow for Girls Monday evening following the regular meeting at the Masonic hall.

## SHORT STORY

### A Prince Can Laugh

By Richard Hill Wilkinson

A WEEK after I established residence in Seabrook, Ray Quimper, my next door neighbor took time off to drive me around the town and show me the points of interest. Toward evening he stopped his car before a driveway that led up to a huge brick house on top of Drybridge Hill. It was the only brick building in town and could be seen for miles around. I had

### 3 Minute Fiction

wondered about it since the day of my arrival.

"The home of Prince Alexander Moisevich Deborin," he explained.

I looked at him curiously, sensing that this was a proud moment for Ray. He had saved the brick house until last, like a child relishing the last morsel.

"Of course," Ray explained further "he has a city home too. But the fact is he spends the greater part of his time out here. He craves solitude."

"Are you sure? I mean, wouldn't it be fitting to let the man know you're glad to have him as a citizen?"

"We've tended to that," Ray said importantly. "Three days after his arrival a committee made up of leading citizens waited on the prince and extended him a formal welcome." He regarded me sagely. "We're smart enough not to antagonize the man by pestering him to death."

On the day of which I write I was removing the storm windows from my house, for spring was near and the day was bright and warm. The prince came strolling along my street and stopped, oddly enough, at the end of my drive to watch. I perceived him from the corner of my eye, though gave no indication that I had seen. After a moment or two, much to my satisfaction, he turned in at the drive and came slowly toward me. At this precise moment the stepladder on which I was standing tilted precariously and the window I was removing threatened to tumble to the ground.

I uttered a cry of alarm, turned, perceived the prince as if for the first time, and shouted to him for aid. Involuntarily, he leaped forward and steadied the ladder until I had descended.

"Phew!" I grinned. "That was a close call."

"It was indeed," he replied. "Would you mind holding the ladder for me on this window over here?" He seemed a little sur-

prised, but agreed to lend his assistance. He proved as good a helper as I could have asked for. Three windows I removed while he steadied the ladder and helped me lower them to the ground. We chatted amiably about the weather.

PRESENTLY the task was done and I turned to him, grinning. "Thanks a lot. I don't know how I would have managed without you."

"Really?" He seemed to appreciate my compliment. "Frankly, I've enjoyed it, not only the work, but our little visit." He hesitated. "You are new in town, aren't you?"

"Comparatively," I said. "It's a mighty nice town. Folks are all like yourself. Ready and willing to lend a hand when help is needed."

I smiled happily. "The fact that I know your name, Prince Alexander, proves a little theory of my own."

He stared in astonishment. "You know who I am? You knew when you asked me to help remove the windows?"

I nodded. "Your philosophy and mine have a good deal in common, Prince. And that is, that you're no different from the rest of us. I'd even venture to say that you are quite unhappy living up there in your castle so far removed from everybody. To prove that I am right, I'm going to ask you a question. Tomorrow I'm going fishing. How would you like to come along?"

"I'd like to very much," he said. "But we must keep it a secret from the rest of the people. It would be a pity to destroy their illusion."

I agreed, winking at him knowingly, and the prince and I then and there shared a hearty laugh.

### Lubricating Oil

Many of the best lubricating oils are now made by a solvent extraction process, in which the crude lubricating oil stock is washed by another liquid to take out impurities. To design plants for this process, engineers have to know how much of each liquid they can put through the equipment without overloading it.

### Summer Sauce

It's a tasty sauce for fresh green beans. Just prepare cooked diced bacon, drain, add minced onion, and one-half cup tomato juice. Simmer for a few minutes. Pour the sauce over cooked beans.

### Water Evergreens

Evergreens need plenty of water. Whenever rains are missing, the evergreen owner should be alert to remedy the deficiency no matter at what time of the year it comes. City evergreens need water forcibly sprayed over the top as well as on the roots, in order to wash off the layer of greasy soot which collects on the needles.

### Farm Accidents

Seventy-two percent of all accidents to farm people, it is estimated, occurred on the farm last year—16 percent in the farm home and 56 percent elsewhere on the farm.

### Maternal Mortality Rate

In 1947 the United States had a maternal mortality rate of 1.3 per 1000 live births, the lowest on the list. Sweden ranks second with a rate of 1.5 in 1947; France had a rate of 1.6 in 1947; England and Wales had a rate of 1.6 in 1944, and Denmark had a rate of 1.8 in 1944.

### Climatic Factors

Temperature, pressure, winds, and moisture of the atmosphere all go together to make up climate.

### Rice Production

World production of rice has climbed back to just what it averaged before World War II.

### Wheat Straw Newsprint

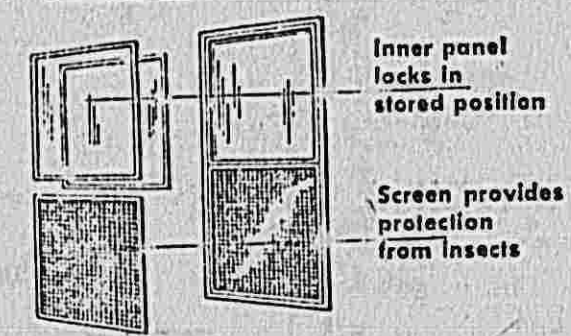

There has been made in Holyoke, Mass., an experimental run of 100 per cent wheat straw newsprint.

### Marine Colors

Scarlet and gold are the official colors of the U.S. marine corps.

## To Our Customers...

NOW You Can  
Go ALL ELECTRIC

**T**HE Public Service Company has long followed the policy of keeping its customers informed of new developments affecting their use of electric service. Now we are able to announce that due to recent expansion of our facilities, we can again assure our customers all the advantages Electrical Living offers.

We believe that now is the time to tell the public of newest developments in electric cooking—perhaps the most important single step toward Electrical Living.

First of all, electric range production has caught up sufficiently with demand so that most models of all makes are available. *Important, too, is the fact that prices have recently been reduced and are tending to stabilize to a point where values are equal to or often better than pre-war.*

As a result of years of constant research, today's modern electric range is not only beautiful in the kitchen, convenient to use any meal, safe to operate any time, but offers you completely automatic cooking.

*Electric cooking is completely carefree*—daily cooking becomes the least burdensome of housekeeping tasks. (Meals cook without the cook.) Precise temperature control and automatic timer give you welcome hours of freedom for other things.

*Electric cooking is cool*—the modern electric range is thickly insulated on all six sides (heat can't escape into your kitchen).

*Electric cooking is clean*—curtains, walls, and the range itself, stay fresh and sparkling. Pots and pans remain mirror-bright; surface cooking units practically clean themselves.

*Electric cooking is faster than ever!* Heat generates instantly; surface units heat rapidly; foods come quickly to cooking temperatures. (Fast-heating ovens preheat to baking degrees in less than five minutes.)

*Electric cooking is thrifty*—the electric range principle (heat concentrated on cooking) assures maximum use of heat. Super-insulation keeps heat in the range. Steady, even oven temperatures are maintained with the current on only 20% of the cooking time. It costs the average Northern Illinois family only about \$2 a month to cook electrically.

Convenient and efficient though it is, electric cooking is just one phase of Electrical Living. In the past few years, phenomenal advances have likewise been made in the fields of home lighting, refrigerating, air conditioning, automatic water heating, and the other contributions electricity has made to good living. As news is made in Electrical Living, we'll pass it along to you.

In the meantime, see the latest models of the beautiful new electric ranges at your local dealer's or our nearest store.

**Looks New! Feels New! IS New—  
through and through!**

It's the new Buick SPECIAL—new in line,  
new in size, new in price and value!

You take a look—and your fingers  
itch to get hold of its waiting  
wheel.

You cast an eye over its gleaming new  
bumper-guard grille, its tapering  
fenders, its jet-plane lines—and know  
that this is what others have been  
groping for.

You slip inside. Twelve inches added  
to rear-seat cushions emphasize the  
biggest interiors you can buy for the  
money. A broad, curving windshield  
set in narrower corner posts means a  
better view any way you look.

Now touch the throttle. Not just high-  
compression power, but high-pressure  
Fireball power, to get the most from  
today's fuels today!

You finger the controls—not just  
standard transmission alone, but the

magic smoothness of Dynaflo Drive\*  
at your option.

Try it in traffic—and less length  
bumper-to-bumper makes it a dream  
to park or handle. Try it on the road,  
and seats placed ahead of the rear  
axle add even more comfort to that  
unequaled Buick ride.

So you say, "How much?"—maybe  
bracing yourself mentally.

\*Optional at extra cost.

**TEN-STRIKE! Only Buick SPECIAL has all these Features!**

TRAFFIC-HANDY SIZE • MOST ROOM FOR THE MONEY • DYNAFLO DRIVE optional at extra cost • JET-LINE STYLING •  
NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRINGING ALL AROUND •  
LOW-PRESSURE TIRES ON SAFETY-RIDE RIMS • GREATER VISIBILITY FORE AND AFT • SELF-LOCKING LUGGAGE LIDS •  
STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER

Then you learn that price is part of  
the good news too! Figures fit the  
modest budget as this handy-dandy  
fits the modest garage—and you get  
room, power, ride, and the smartest  
look on wheels at the lowest price  
you'll find on any valve-in-head eight!

So you size it all up with a happy  
"Buick's done it again!"—and see  
your Buick dealer quick as you can.

After all, the quickest way to get one  
of these into your garage is to get a  
firm order in!

**Week's Bible Verse—**  
"Ye shall know the Truth and the Truth shall make you free."  
—St. John 8:32.  
When Thomas Jefferson founded the University of Virginia, he chose those words to be its motto.

**United States of America**  
Some time ago there appeared in an article published by the "London Sphere" information concerning our great country. We quote a paragraph from it as follows:

"The U. S. has 6% of the world's area and 7% of its people. It has 60% of the telephones, 80% of the motor cars, 55% of the world's railroads. It produces 70% of the world's oil, 60% of wheat and cotton, 50% of copper and pig iron, 40% of coal and lead. It has two-thirds of the world's banking resources. The purchasing power of its people is greater than of all the people of Europe or all the people of Asia." The "London Sphere" made comment in connection with the above statement as they were amazed that in the face of this record of accomplishment there are some people in the United States who claim that our "free enterprise" system is "all wrong, ought to be abandoned, must be discarded, and the time has come to substitute political management for individual initiative and supervision." The "London Sphere" goes on to state that it is impossible for them to understand why this system has got us more than any people any place else in the whole world, some of us now want to get rid of it. It just doesn't make sense, and none of us, I am sure, can understand it either.—The Whyte Line.

## Household Hints—

TO CLEAN A COFFEE POT which has become stained, rub it with the juice of a piece of rhubarb. Result: A clean, bright surface.

**HANGING PICTURES**—When hanging pictures on a plastered wall, stick some adhesive tape or Scotch tape on the wall and then nail the tack through this. It will prevent cracking the plaster.

**REASONS FOR PAINT FAILURES**—Too much oil causes paint to dry slowly, become dirty and fade. Too little oil causes it to wear off rapidly. Cracking is caused by hard, quick-drying paints. Wrinkles show up because of improper brushing of heavy, oily mixtures. Chalking usually comes about because too much thinner is used or by skimping on the number of coats.

**Identification—**  
"My girl," said Smith, "is one of twins."  
"How do you tell them apart?" a friend asked.  
"Easy," said Smith. "Her brother is taller."

Comedian Harry Hershfield says he saves \$50 a day—and the system is simply awfully simple. Every day when he rides by bus to his office, he reads the sign: "\$50 Fine for Smoking." Soooo, he doesn't smoke.

**"The Ideal Salesman"**—  
"He has the curiosity of a cat," the tenacity of a bulldog, the friendship of a little child, the diplomacy of a wayward husband, the patience of a self-sacrificing wife, the enthusiasm of a Sinatra fan, the assurance of a Harvard man, the good humor of a comedian, the simplicity of a jackass, and the tireless energy of a bill collector."—John F. Loesebrock.

"Do you remember way back when the government was criticized for its extravagance in giving away free seeds?"

## This Week's Quizzer—

How can 2 fathers and 2 sons split 3 apples, and get 1 apple each.  
Last week's answer: Who was the 1st native born American to become president of the U. S.? Martin Van Buren, who was born in the town of Kinderhook, N. Y., on December 5, 1782. All of our preceding presidents were born before the Declaration of Independence, and so had been, by birth, British subjects.

**Brain Tumors**  
Difficult surgery for brain tumors is being made easier by radioactive phosphorus produced in atomic energy laboratories

**Open Hearth Record**  
A record was set in the production of 34,400,000 tons of open hearth steel in 1923. This tonnage was equalled in less than six months of 1948.

**Pressure Grouting**  
More than 45 railroads representing 50 per cent of American rail mileage use pressure grouting with portland cement to strengthen and stabilize their roadbeds.

**2,4-D Damages Cotton**  
Farmers using 2,4-D or other weed killers should take every precaution to prevent spray from drifting to nearby cotton fields or other susceptible plants.

By Henry J. Rentner, Secretary (2-4c)

**Gives Aid Twice**  
The Antioch Rescue squad gave oxygen Monday evening to Peter Stephany, 65, at his home in Venetian Village, and then made another trip Tuesday evening for the same purpose. He was then taken to Victory Memorial hospital for observation and care, and for diagnosis of his illness which was thought to be pneumonia.

**Cut Great Lakes Personnel**  
Reduction of navy civilian personnel because of reduced appropriations by congress will mean 150 fewer civilian jobs at Great Lakes Naval Training Center next year. A few are taken from each department.

**Blues, Grays, Lead**  
Six out of every 10 Americans have blue or gray eyes. Next in prevalence comes brown, and then hazel.

**When Clothing Shrinks**  
When clothing shrinks in cleaning, the most hopeful first aid is to apply tension to the set or damp material while pressing it.

## Lake Villa Community

(Continued from page 1)  
the pupils again this year. The Board of Education has adopted a new rental schedule as follows:

First, second and third grades \$2.75  
Fourth, fifth and sixth grades \$3.00  
Seventh and eighth grades \$3.25.  
Each pupil should bring the money for his textbook rental on Thursday, Sept. 8. The payment of these rental fees will entitle each pupil to the use of all textbooks and workbooks needed for the whole year. No additional charges will be made at any time during the year for books or workbooks. No textbooks will be issued to pupils until their rental is paid unless satisfactory arrangements are made before hand with the teacher or principal.

A total of nine full time teachers will be on the staff this year and five of these are new. The teachers and their assignments are as follows:

Mrs. Rosella Oilschlager, First grade at the Village hall.  
Mrs. Margaret DeYoung, second grade at the Village hall.  
Mrs. Edythe Campbell, first and second grades at the Cedar Lake school.

Mrs. Besse Stevens, third grade at Lake Villa school.

Mrs. Eugenia McNutt, fourth grade at Lake Villa school.  
Miss June Thompson, fifth and sixth grades at Lake Villa school.

Mr. Robert Shimer, sixth and seventh grades at Lake Villa school.  
Mr. Jack Koehler, seventh and eighth grade teacher and physical education and athletics.

Mr. Roland H. Lundahl, seventh and eighth grade teacher and principal.

Mrs. Tiffany will teach the music again.

Two new custodians started their duties July 1st. They are Mr. Joe Grabowski and Mr. Albert Noren. They will do the janitor work and drive the school buses. A new bus has been purchased this summer so that two buses will be operated this coming school year. This will eliminate overloading and early morning pickups.

The Lake Villa School building has been completely renovated and cleaned. Considerable painting and repair work will be completed by the time school starts. A new roof, gutters and downspouts are now being installed.

**Zion Papers Merge**  
The Theocrat, paper of the Christian Catholic church at Zion, and the Community News, owned by A. L. Bicket have been merged to become the Zion-Benton News. Michael J. Mintern, overseer of the church, said the change was an economic reason. The Theocrat grew out of the Zion Banner founded by Alexander Dowie when Zion was established.

**Friday, Sept. 9, Correct**  
The meeting of residents of the Grass Lake school district will be at 8 p. m. Friday, Sept. 9, as reported in the item and not on Sept. 8 as carried in the headline of last week's News.

**Sales Down Slightly**  
The sales of National Tea Co., for the four weeks ending August 13, 1949, amounted to \$19,943,769.12 as compared with \$20,415,005.58 for the corresponding period in 1948, a decrease of 2.3 percent.  
Sales for the year to date amounted to \$165,418,274.60 as compared with \$164,362,108.29 in 1948, an increase of 0.64 percent.  
The number of stores in operation decreased from 675 in 1948 to 661 as of Aug. 13, 1949.

Walker-Seremian Next  
On Boxing Bill Saturday  
At Round Lake Park

Connie Walker, of Long Lake and Oscar Seremian, of Waukegan will be the feature of the Round Lake Park arena Saturday night.

In another match on the show Bob Vignall, long a favorite with Round Lake fans, battles Bob Miller, of Fort Sheridan. Both fighters are punchers and neither takes a back step in a battle. Gene Luptak, the Round Lake Beach slugger faces Roul Eacabado, of Chicago and Edwin Roatad of Round Lake Beach accepts the challenge of another windy city boxer Gordon Ferren.

Ray Clark, of Lake Zurich tangles with Henry Cole, of Round Lake park. There will two wrestling matches featuring the best amateur wrestlers in the middle-west.

Mrs. Alonzo Runyard underwent a major operation at Burlington Memorial hospital Tuesday. Her condition is much improved.

## Rainbow Girls to Perform

The Order of the Rainbow for Girls will exemplify their work before the Order of Eastern Star this evening.

## Auxiliary Meets Tomorrow

The American Legion auxiliary will meet Friday evening at the Legion home. Eileen Lewin and her committee will have charge of the social hour.
